CAPABILITY STATEMENT

BUILD LOGIX DELIVERS RELIABLE, HIGH-QUALITY
CONSTRUCTION, LOGISTICS, AND SOURCING SOLUTIONS
THAT **EMPOWER COMMUNITIES** AND **EXCEED EXPECTATIONS.**

COMPANY OVERVIEW

Build Logix LLC is a Small, Minority-Owned Business headquartered in Mobile, Alabama, specializing in construction, logistics, and facility support services for federal, state, and commercial clients. Our capabilities range from ground-up construction and bridge projects to hauling and MRO supply, all delivered with a focus on safety, reliability, and precision. With a strong understanding of public-sector requirements, Build Logix is committed to delivering high-quality, compliant, and performance-driven solutions tailored to every project.

MISSION & VISION

At Build Logix, we are committed to delivering safe, high-quality construction, logistics, and material sourcing solutions with a focus on integrity, reliability, and lasting client value. Our mission is to exceed expectations by empowering communities and providing efficient, performance-driven services tailored to the needs of each project.

We envision a future where Build Logix is recognized as a **trusted leader in integrated infrastructure services, known for our innovative mindset, strong leadership, and unwavering commitment to quality, safety, and community advancement.** We don't just build structures — we build opportunity, resilience, and progress. Our culture of freedom, creativity, and innovation enables us to remain flexible and responsive, consistently meeting the evolving needs of our clients across a wide range of industries.

CORE CODES

Build Logix LLC is uniquely positioned to partner with federal, state, and local government agencies, offering a wide range of certified capabilities and specialized services. **We are fully registered and equipped to fulfill government contracts, with core competencies aligned to the following key NAICS codes:**

236220 Commercial and Institutional Building Construction

238910 Site Preparation Contractors

541614 Process, Physical Distribution, and Logistics Consulting Services

423840 Industrial Supplies Merchant Wholesalers

541690 Other Scientific and Technical Consulting Services

423830 Industrial Machinery and Equipment Merchant Wholesalers

COMPETENCIES

Build Logix LLC offers a full spectrum of construction, logistics, and facility support services tailored to both commercial and government sectors. Our core capabilities include:

Construction Services: Ground-up construction, renovations, excavation, grading, foundation work, and utility installation for commercial and government facilities.

Bridge Infrastructure: Structural bridge repairs, ongoing maintenance, and new bridge construction, executed with a focus on compliance, safety, and long-term durability.

Logistics & Transportation: Safe, timely transport of construction materials, heavy equipment, and debris, supported by end-to-end logistics planning for streamlined project efficiency.

MRO Supply & Support: Integrated maintenance solutions and dependable delivery of MRO (Maintenance, Repair, and Operations) products including tools, fasteners, and industrial hardware.

PROJECT EXPERIENCE

Build Logix LLC has a proven track record of delivering high-quality construction, logistics, and support services across a range of public and private sector projects. Our work reflects our commitment to safety, efficiency, and client satisfaction, with each project tailored to meet specific operational and compliance requirements. The following highlights represent the diversity and success of our recent engagements.

Kessler Fam Camp

Ground-up construction of recreational facilities for military families.

Clinton Fire Department:

New fire station construction delivered under budget.

Continental Tire Plant

Construction of employee locker room facilities.

Mobile Port Authority

Environmentally compliant sludge hauling services.

Dynamic Group

Debris hauling project completed ahead of schedule.

Scott Residential

Timely and high-quality supply of certified safety products.

WHAT SETS BUILD LOGIX APART:

A **proven track record** of delivering projects on time and under budget, including complex work such as enhanced site drainage.

Integrated services that simplify procurement by offering excavation, logistics, and supply under one roof — ideal for prime and subcontracting opportunities.

A strong commitment to safety and compliance, including **OSHA-compliant** audits, employee training programs, and distribution of certified safety gear to all workers.
